SECTION - D**Technical Specification for Works****D.1. Name of Work**

.....

D.2. Site Condition

The contractor before tendering must visit the site and satisfy himself as to the extent of the proposed construction difficulties and problems, if any, to start, to continue and complete the work within the time as stipulated in this tender without dislocation of normal traffics during day as well as to night. No interruption in works due to any site condition shall be engaged as to complete the work in time. The execution of the work should however be planned and phased so that there are no undue hazards to the movement of normal traffic over the road. No additional payment will be entertained on this account. Difficulties and inconveniences in transporting materials over the bad roads, Kutcha roads, incomplete roads and over the weak and damaged culverts should be taken into consideration by the Contractor. The materials for the work may be required to carry over Kutcha roads. These approach roads should be maintained by the Contractor at his own cost.

Difficulties in collection of different materials in lot, over the road flank due to insufficient space if there be, should be noted by the bidder. No rate or time will be allowed on these accounts as stated. The bidder should quote his rate taking into consideration regarding security of the materials. Nothing would be entertained under any circumstances beyond the respective tendered provisions.

D.3. Preliminaries

During execution of the work contractor will remain responsible for providing reasonable facilities to traffic on the road and also lighting and guarding of the road during night for its safety while the work is in progress and no extra rate will be paid on this account before taking up the work.

Approximately half of the road width including one flank shall be kept clear to the traffic from all obstruction and the surface shall be properly cleaned and leveled as far as possible.

Sign Boards / Direction Boards are to be erected at required points of specified size indicating in red letters on a white back ground as per direction of the Engineer-in-charge. Cost of which should be borne by the agency.

Road barriers shall be placed wherever the existing road surface disturbed with proper road signs. During night, these should be provided with the light, Night Guard e.g. 'Chowkidar' for watching the barrier etc. shall also be maintained by the Contractor to give due warning to road users specially at night.

D.4. Specifications & Mode of execution

Unless otherwise stipulated specifically all the item of works are to be done as per relevant sections, general conditions and general guideline as mentioned either in—

- /366502/2023
- (i) **Public Works Department (PWD) Schedule of Rates for Building Works** and Materials & Labour in force for different district of West Bengal including up-to date addenda and corrigenda.
- (ii) **Public Works Department (PWD) Schedule of Rates for Sanitary & Plumbing Works** and Materials & Labour in force for different district of West Bengal including up-to date addenda and corrigenda.
- (iii) **ALL Electrical & Mechanical PWD (Elect), KMDA (E & M), UD & MA (all), I & WD** and Materials & Labour in force for different district of West Bengal including up-to date addenda and corrigenda.

For general conditions and general specifications of items of works including supply and carriage works, not appearing in the aforesaid two specification books, relevant '**Schedule of Rates for Road works, Bridge & Culvert Works**' published from Superintending Engineer, Bridge Planning Circle, Public Works (Roads) Department for different district of West Bengal including up-to-date addenda and corrigenda, if any, issued from competent authority as applicable for the working area at the time of submission of tender will be considered

Special Condition

1. Work Must be started within 3 days of issuing work order
2. No time extension will be allowed
